ALWAYS FITS
NEVER SLIPS

SOLUTIONS FOR EVERY STYLE

Flexi-Fix seats are the answer to the common issue of seats becoming loose over time. The innovative grip pad technology and pioneering patented V plate hinges provide maximum adjustment to fit the fixing holes of any standard toilet making the seats easy to fix, suitable for a wide range of toilet pans and, most importantly, completely secure.

C

Fitting a Flexi-Fix seat could not be easier. The seats fit toilet pans with fixing hole centres from 110mm to 200mm – far greater than the 145mm to 165mm specified in the European Standard EN33. The 60cm forward and backward adjustability range ensures the seat can be fitted to the correct final position all whilst the collapsible supports hold the hinges away from the pan.

Once the self-adhesive pad backing has been removed and the position finalised, the seat can be fixed into place by applying a little pressure. The supports collapse and the high strength self-adhesive pads grip the toilet pan for a secure fit which will not come loose or slip. As the grip pad technology is a pressure sensitive adhesive, it is easy to re-position the hinges during initial installation if slight adjustment to the selected position is required. Finally use the top or bottom fixings supplied to secure in place.

ALWAYS FITS

LOADED WITH BENEFITS

Alongside the innovative hinge technology are a selection of features all aimed to increase the usability and durability of the Flexi-Fix seat.

LOOK FOR THE ICONS

Always fits, never slips. Easy installation.

Protects against:

Salmonella	E-Coli
Odours	Listeria
Staining	MRSA

Slowly and quietly closes the toilet seat eliminating slamming and trapped fingers, especially where small children have access.

Easy to remove system allows for seat to be completely removed from the pan for easy cleaning.

SOLID WOOD COLLECTION

WARM TO THE TOUCH

Our selection of wooden seats feature durable moulded wood, solid oak and solid pine in a variation of finishes. The combination of a timeless wooden finish with the innovative fixing method means these seats will be bathroom staple for years to come.
